

SECURITY UPDATE

We're catching the bad guys like never before thanks to 3SI trackers!

Earlier this year, T-Mobile introduced 3SI tracking devices in its TPR doors, which has quickly resulted in the improved recovery of stolen assets. Noticing this success, MetroPCS installed 3SI tracking devices in all Corporate doors and in several dealer doors as a trial. The results achieved from these devices have been impressive and immediate. Read on!

MetroPCS recent success stories

MetroPCS doors are robbed of cash and/or handsets daily across the country...but we're turning that around! The recent implementation of [3SI](#) has so far resulted in a very high arrest and cash/handset recovery rate.

Not only is the device successful, it's fast! Following the burglaries of two MetroPCS stores in one night in Minnesota, local police located and successfully arrested the perpetrators **after only eight minutes, and all stolen assets were recovered.**

Testimonial from MetroPCS dealer

PrimeTalk USA dealer James Parks is now a believer in 3SI: "At the beginning there was not much information other than it was a tracking device that can be paired with a handset or cash/deposit box," says Parks. "And I was somewhat skeptical of the product and service." His perspective quickly changed when one of his locations was involved in a robbery. "**3SI took over from there and it only took about 30 minutes to apprehend the robber. WOW!!!**"

How do I get a 3SI device for my door? Find out more...

For additional details and how to purchase a 3SI tracking device, please click on the link below.

Quick overview of the product: If a theft occurs, 3SI device automatically triggers a silent theft alert upon motion or tilt. The 3SI tracking information is integrated by local law enforcement, allowing safe pursuit and apprehension. This year alone, the [3SI tracker](#) has assisted in the recovery of assets totaling \$7.9 million for various retail locations across the country.

Our MetroPCS Dealers will be able to utilize the MetroPCS volume pricing and if you have additional questions, please contact 3SI (below) or feel free to contact the MetroPCS Loss Prevention partner or your National Account Manager.
